

Welcome at De Sol Casa Kennel, we are specialized in Malinois (working lines) and Fila Brasileiro's.

We live in Belgium and we have a property of 6000 m2 where the dogs have all the freedom they need. Several times during the day we play with them on the "big" playfield. They also come inside the house on a regular basis or they are outside in their private playground where they can play and run together, they have big nice doghouses inside the barn, where they can rest or sleep as they please.

Opposite from our property is a several acre privately owned forest where we can take the dogs for a walk.

Fila Brasileiro's are very selfsure dogs who would do anything to protect their boss and his family.

The Malinois is the ideal sportdog and very good in all kinds of disciplines like, policework, security, searchdog for drugs, bombs etc.

For more information about the Fila Brasileiro, you can check our other website www.filabrasileiro.info but you could also contact us by phone +32-496447886 or by email info@desolcasa.com
